This chart was developed as a PDF (Portable Document Format). Printing PDFs may affect the chart's scale, color, or legibility which may impact suitability for navigation. Printed charts provided by NOAA certified Print on Demand (POD) providers meet the user's requirement to carry a nautical chart "published by the National Oceanic and Atmospheric Administration in accordance with federal regulations, including but not limited to 33 C.F.R. 164.33(a), 33 C.F.R. 164.72(b) and 46 C.F.R. 28.225(a)." POD charts meet stringent print standards and can be recognized by an official certification of authenticity printed on the chart. A list of POD providers can be found at nautycharts.noaa.gov/pod.
